## Complete and Accurate Plans

Detailed Plans are a necessity for economical construction. Complete Plans, Specifications and Material Lists for any of the Homes in this Book are available to home builders at a cost which make their use a real economy. Detailed Plans and Specifications eliminate all guesswork for the builder, and the savings to be effected in building from complete and accurate Plans pays for their small cost many times over.

## Special Plans to Order

We are prepared to furnish accurate working drawings made according to your ideas and requirements without long delays.

## Service

Please feel free to consult with us on any and all phases of your home-building needs. This consultation service is free, and we cordially invite you to use it whenever you need it.

These Firms in co-operation with...

## Iowa Building-Loan and Savings Association

will gladly advise you on any new building, repair or modernizing work you are considering. Consult them on your building needs.
